

1 language that way.

2 Delegate Sherbow.

3 DELEGATE SHERBOW: I am sorry, Mr. Chairman.

4 I was engaged in looking into another matter.

5 THE CHAIRMAN: As I understand Delegate Bamber-  
6 ger's statement, it is as follows:

7 He understands that the meaning of the first  
8 sentence of section 6.06, and particularly the last  
9 phrase in line 39, "as may be prescribed by law," meant  
10 that the governor alone should determine the form of the  
11 bill, and that the legislature had authority to prescribe  
12 by law matters only -- I am sorry, the governor would de-  
13 termine matters of form as to the budget, and that the last  
14 phrase, "as may be prescribed by law", was intended to  
15 give the legislature a power to make provisions as to the  
16 form of the budget bill, but not the budget.

17 Was this your understanding?

18 DELEGATE SHERBOW: I don't understand it that  
19 way.

20 THE CHAIRMAN: Maybe you better state what your  
21 understanding of it is.
